Introduction

This event will provide the framework for debates, for interchange of knowledge and expertise, of ideas and initiatives amongst academia, scientists, engineers, managers from supplier bodies of PT schemes, managers from laboratories of analyses and tests, from worldwide and from all ranges interested in Proficiency Testing (PT) and the connected areas with PT.

PT-Conf 2017 will include plenary speeches, invited presentations, contributed presentations and poster presentations. During the conference a training course free of charge during a full day will be organized. Conference proceedings will be distributed to all the participants and it will be put on the Internet.

The most important motivation for the conference is to learn from past failures, to not repeat the same mistakes.

Conference Venue

The 6th International Proficiency Testing Conference 2017 will be held at **Grand Hotel Napoca in Cluj-Napoca** one

of the largest Romanian cities is considered the unofficial capital to the historical province of Transylvania and one of the most visited cities in Romania. .

Themes

- Proficiency Testing Schemes (PTS)
- Reference Materials and Proficiency Testing (RM)
- Validation of Testing Methods and Proficiency Testing (VTM)
- Uncertainty of Measurement and Proficiency Testing (UM)
- Internal Quality Control of Analyses and Proficiency Testing (IQC)
- Metrology, Traceability and Proficiency Testing (MT)
- Accreditation of Quality Management and participation at Proficiency Testing (AQM)
- Development of the Analyses Methods in the Testing Laboratories (DAM)

Training course free of charge

During the conference works the Training course **“Measurement uncertainty: Principles and approaches to evaluation of measurement uncertainty-TrainMiC®. The evaluation of the measurement uncertainty with focus on the instrumental methods of analysis as well as with focus on the PT results”** will be organized.

Working group discussion

During the conference works the Working group discussion **“SIGNIFICANT CHANGES BROUGHT BY ISO / IEC 17025. BENEFITS OF USING THE NEW EDITION OF THE STANDARD BY LABORATORIES”** will be organized.
